

### CUTE LITTLE BARE FEET WIN HER PRIZE AT SOCIETY COSTUME BALL

Mrs. Carl Graham Fisher of Indianapolis appeared in a typical Hawaiian costume with bare feet at the Hawaiian ball recently given at Narragansett Pier. Her costume was very pretty and colorful with short fluffy skirt and she wore garlands of roses around her ankles. Mrs. Fisher's costume won second prize before many others that were attractive.

### 20 ROUNDS LABOR DAY BETWEEN WELCH AND WHITE

Colorado Springs All Ago Over Lightweight Class Tomorrow Night—American Boy a Favorite.

COLORADO SPRINGS, Sept. 2.—Freddie Welch and Charley White, champion and challenger, in the world's lightweight championship battle which is to be decided at Colorado Springs under the auspices of the Hundred Million Dollar Club on the afternoon of Labor day, Monday, have been put under the tape by the official physician of the club, Dr. Lennor, with the following result:

Welsh.	Age	White.
30		25
5 ft. 7 in.	Height	5 ft. 6 1/2 in.
133 lbs.	Weight	123 lbs.
69 in.	Reach	71 in.
15 1/2 in.	Neck	16 1/2 in.
27 in.	Chest Normal	35 1/2 in.
39 1/2 in.	Chest Expanded	39 1/2 in.
30 in.	Waist	28 in.
20 1/2 in.	Thigh	19 in.
8 in.	Ankle	8 in.
14 1/2 in.	Calf	13 in.
13 1/2 in.	Biceps	12 in.
10 1/2 in.	Forearm	11 in.
6 1/2 in.	Wrist	7 in.

The 133 pounds indicates the weight each man can do. They are to weigh in for this contest, however, at 135 at 9 o'clock on the morning of the bout. They are both within easy striking distance of the stipulated poundage.

It is hard for even an "expert" to "form" to choose between them. Nat Lewis, White's manager, and the admirers of the Chicago boy seem to be particularly sweet on his chances. He is wallowing his sparring partner around with a vim that is certainly impressive and the altitude does not seem to affect him in the least. Welch, on the other hand, is as fast as a streak of greased lightning and never looked in better form. If they were thrown into the ring today they could probably box at top speed.

Both Welch and White have shown in the past few weeks that they are at the apex of their boxing form. Welch's decisive defeat of the sensational New York lightweight, Benny Leonard, at Washington Park, Brooklyn, three weeks ago and White's knockout of tough Matt Wells, the lightweight champion of England, in Boston, only a short time previous, proves this assertion.

Seats for the contest have been sold almost as fast as Contractor Parry's worth built them. The prices, ranging from \$3 admission up to \$15 for ringside box seats, has struck the popular fancy. The arena is expected to seat twenty thousand and from present indications there is not going to be a vacant spot by the time the two lightweights climb through the ropes. If this should happen they will be but a couple of houses in the history of boxing which will show larger gate receipts.

The lavish manner in which the Hundred Million Dollar club is putting on the match surely calls for a tremendous return. In addition to the amounts they are paying Welch and White, their overhead expenses will be something to gasp at. It is safe to say that never in the history of a boxing contest has there been such a great outlay in the way of publicity.

"Put Colorado Springs on the map" is the slogan of the club, and they are certainly doing so, or trying to do so with a vengeance. Over two thousand circulars, circular post cards, show cards, lithographs, photographs, newspaper "mats," dreams of the present and special stories are being sent into the waiting arms of the Springfield postmaster every day. The daily arrival of more and more correspondence from all parts of the country has both telegraph companies sending out S. O. S. calls for extra operators.

At least \$20,000 must be taken before the club can begin to show a profit. As the advance sale, however, now indicates an \$80,000 profit. Manager Pitts has extended his usual broad smile a couple of inches and the Hundred Million Dollar club members look like a million, at least.

### MIGRATORY BIRD LAW ENFORCEMENT WILL BE EFFECTIVE SOON

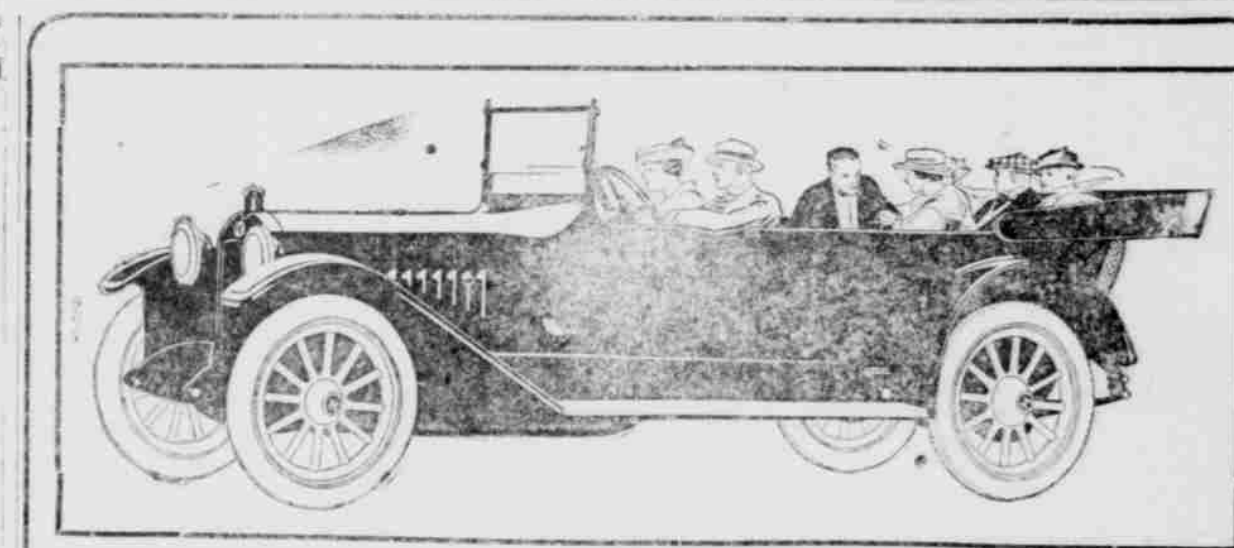

President Signs Bill in Congress—Regulations for the Enforcement of Measure Complete and Thorough.

WASHINGTON, Sept. 2.—Regulations for enforcement of the new federal migratory bird laws have been approved by President Wilson and are now effective. The Department of Agriculture, however, advises all hunters to consult state laws because the federal regulations will not be construed to permit hunting within a state which has created a closed season. If that season falls within a period which the federal government posts as open.

Shooting is prohibited between sunset and sunrise. Miscellaneous birds are protected indefinitely, and no open season is allowed. Band-tailed pigeons, cranes, wood ducks, geese, curlew, willet, upland plover, and smaller shore birds are protected everywhere until September 1, 1918.
